

## REMARKS

Claims 60-78 are pending in the instant application. Entry of the attached Terminal Disclaimer and reconsideration of the pending claims are respectfully requested.

### *Double Patenting*

The Examiner provisionally rejected claims 60-78 under the judicially created doctrine of obviousness-type double patenting over copending Application No. 10/136,321 (hereinafter "the '321 application"). The Applicants respectfully request that the enclosed timely filed terminal disclaimer in compliance with 37 C.F.R. § 1.321(c) be entered to overcome the instant nonstatutory double patenting rejections as suggested in the Office Action mailed April 26, 2004.

The Applicants wish to note that the filing of the enclosed Terminal Disclaimer in compliance with 37 C.F.R. § 1.321(c) is not an admission to the propriety of the rejection. M.P.E.P. § 804.02 (8<sup>th</sup> Ed. February 2003); Quad Environmental Technologies Corp. v. Union Sanitary District, 20 USPQ2d 1392 (Fed. Cir. 1991). As stated by the Federal Circuit in the Quad Environmental Technologies decision, the "filing of a terminal disclaimer simply serves the statutory function of removing the rejection of double patenting, and raises neither a presumption nor estoppel on the merits of the rejection."

### CONCLUSION

In view of the foregoing remarks, Applicants believe the applicable rejections have been overcome and all claims remaining in the application are presently in condition for allowance. Accordingly, favorable consideration and a Notice of Allowance are earnestly solicited. The Examiner is invited to telephone the undersigned representative if the Examiner believes that an interview might be useful for any reason.
